THE COMPLETE BUILD DOSSIER · V2.0

AMBER

Every professional document needed to start building - in one volume.

The honest gap audit of the v1 blueprint, then the full 360-degree suite: PRD, functional spec, data dictionary, API contract, AI engine and prompts, UX screens, security, testing, operations, configuration, and forty build orders with definitions of done.

Prepared by the AMBER Architecture Guild

Principal Architect · AI Infrastructure Lead · Product Design Systems Engineer · Senior Delivery Consultant

Volume 2 of 2 · planning ends here · October 2026
